Minority/Women Business Enterprise and Contract Compliance

RE: Upcoming contracts for the March Focus - 2nd Quarter 1998 forward

Attached for your updating is the list of upcoming contracts we published in the December *Focus*. Thanks in large part to your assistance, this quarterly list is giving minority- and women-owned firms a head start on competitive bids and proposals, and County projects are benefiting from an enlarged pool of competent talent.

Good news! By Executive request, we are in the process of making the *Focus* available on the County's Internet home page. Executive Sims recently asked that we give this project high priority in order to broaden distribution of "one of the County's more informative newsletters." Thank you, again, for helping us make it so.

As with past issues,

1. **Add contracts you expect to advertise 2nd quarter 1998 forward.** Give us as much description as you can, plus a contact name and phone number (for internal use only).

Note: We will label 1st-quarter contracts still open for bid when the newsletter comes out (approx. March 13) as "2nd qtr. '98."

2. **Retain any 1st quarter contracts that have been delayed and advance the date. If you don't do so, we will assume the contract has already awarded and delete it.**

OUR DEADLINE IS TUESDAY, FEBRUARY 3.

If you have questions, please call Midori Garrison at 684-1339. Thanks for continuing to be an invaluable partner in this publication.

We also welcome your participation in developing story ideas for *The Focus*.

- What's going on now in your corner of County government that minority- and women-owned firms should know about?
- What's on the horizon that will affect or interest them?

Drop me a note at phyllis.alleyne@metrokc.gov. We'll follow up on *every* suggestion.

Upcoming contracts

The following list presents available information on contracts King County expects to advertise over the next several months, as well as any contracts resulting from interlocal projects to which the county is a party.

Because scope of work or estimated value may change by the time contracts go out for bid or proposal, King County provides three ways for you to keep up to

date on goods and services currently being advertised:

- In print, see the *Seattle Daily Journal of Commerce*, Thursday's *Seattle Times* or minority-owned publications.
- By phone, call one of the county's two, 24-hour contract information lines.
- On the Internet, access King County's home page.

December Focus

M/WBE compliance specialists can provide general information about upcoming contracts in their specialties and may be able to refer you to project staff for technical information. They can also put you in touch with county staff working on interlocal projects.

See the back page of this newsletter for county telephone numbers and the Internet address.
